A FOUL MURDER.

George Banks Waylays and kills
Newt Taulbee.

Early Tuesday morning the news came to town stating that Newt Taulbee had been shot and killed on Lacy Creek. The particulars learned are as follows:

Newt Taulbee and George Banks who are half-brothers, have been at outs for a year or so and it is said that threats to kill have been made by each of the parties at divers times. Tuesday morning Taulbee started to Squire John D. Rose's to fix a mowing machine, preparatory to cutting his grass. George Banks was at Judge Carson's home and suddenly left, just after which three shots were fired, so that suspicion at once pointed to him, when Taulbee was reported as killed.

An examination of the ground showed that some one had stood behind a sycamore tree about 15 feet from the dead body, and an examination of the body showed that one shot had entered the right side and passed through; another shot entered his breast just above the heart. The body was lying face down and an inch or two to the right of his head a hole in the ground showed that another bullet had been fired at the head of the prostrate man. All three bullets were 38 calibre. No one saw the killing, but Banks gave himself up and claimed self defense. But the facts as above given prove the fallacy of this fabrication. Taulbee leaves a wife and eight children, and Banks has a wife and two children.

Periodic Pains.

Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick headache, or any of the distressing aches and pains that cause women so much suffering.

As pain is weakening, and leaves the system in an exhausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first indication of an attack.

If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.

"For a long time I have suffered greatly with spells of backache, that seem almost more than I can endure. These attacks come on every month, and last two or three days. I have never been able to get anything that would give me much relief until I began the use of Dr. Miles' Anti-Pain Pills, and they always relieve me in a short time. My sister, who suffers the same way, has used them with the same results." MRS. PARK, 721 E. Michigan St., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, Ohio.

Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

The number "four" figures in the family of J. "Buck" Hollon and wife, of our town, to a very remarkable extent. For instance, since they have been married they have had four boys, four girls, four twins and four not twins, four living and four dead. And as a cap sheaf Beckham, the baby, was four years old on the fourth day of June. How many are there in all?

Willie Shoemaker, aged about 15 years, and employed at Boone Center's mill on Stillwater, was terribly mangled by the machinery on Monday. He was trying to adjust a belt on a pulley when his clothing caught in a cog, and he was whirled around and thrown to the floor, breaking one arm and tearing a hole in his side just below the heart, through which his entrails were visible. A runner came here for Dr. Center. The boy's father was killed in a mill a few years ago.

This issue closes the twentieth volume of THE HAZEL GREEN HERALD. One thousand and forty times the paper has gone forth to greet its patrons and of them some 500 have ever been true. But on the other hand several hundred have been more or less troublesome. Ever since its first issue THE HERALD has diligently worked for development and just now that development is dawning. Let us hope that our reward will come! It never has.

King Oscar is learning that a half crown causes a more "uneasy head" than a whole one.

Secretary Shaw talks about the \$25,000,000 deficit as if almost any man owed that amount of money.

The average politician who boasts of being a self-made man usually proves to be "machine-made."

It will take a court decision to determine whether the employers or the labor leader are worse in Chicago.

Mr. Rockefeller may argue that it is worth \$10,000,000 to find out just how popular or unpopular he is.

Russia will be in a sad plight, unless her peace envoy diplomats are much more successful than her soldiers and sailors have been.

Norway intended a special kind of revolution of its own. It did import one from South America.

According to his schedule of pay, Togo received less than \$10 for destroying the Russian fleet. But he would have done it for \$5 rather than miss it.

The Duss Band will Furnish Music For the Kentucky State Fair.

The management of the big Kentucky State Fair to be held at Lexington September 18 to 23 has engaged the famous J. S. Duss band of New York. This is one of the best known bands throughout the world. Its proprietor is a multi-millionaire whose hobby is music. He has been for years conducting a band on a larger or smaller scale. The aggregation which he now has is composed of the most prominent musicians of the country and is kept largely for the pleasure of its owner. It has played important engagements in the most prominent cities in America the last two years and has gained within that length of time a reputation which rarely comes to a band in a life time. Mr. Duss is particularly interested in the success of the Kentucky State Fair and his manager has signified his intention of doing all in his power to assist it. A street parade will be given every day and he will devise other means

Trumbo nickell, who lives near Daysboro, and one of the most substantial citizens of this section had his bowels to look Friday last, since which he has been suffering excruciating pains. Why they allow him to so suffer when he could be taken to a hospital at Lexington is a surprise to those who know his financial status.

Promiscuous shooting in and about town should be prohibited by the authorities before some one is killed or wounded. Mrs. Alice Pieratt and Mrs. Bertha Kash, while out picking berries just inside the limits one day last week heard the bullets whistling uncomfortably close. And others report similar cases.

Crime stalks abroad in this county and a few healthy hangings are in order. Only seven or eight years ago Wolfe County was pointed to as the most law-abiding county in Eastern Kentucky, and yet in the last seven weeks seven murders have occurred. A halt be must called. The law must be enforced. Think of citizen! This change in so short a time. The law must be enforced.

STATE COLLEGE OF KENTUCKY,

LEXINGTON, KENTUCKY.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz.: Agricultural, horticultural, chemical, biological mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.
